### 1.2 School Context and Description

Crescent College Comprehensive S.J., which incorporates the Characteristics of Jesuit Education, seeks to develop a community of learning and academic excellence comprising teachers and parents collaborating to fulfil the potential of each individual pupil. This will involve teachers, parents and pupils working together to identify and develop an openness to religious, moral, social, intellectual, cultural and physical experience and to the word of God in all its dimensions. Each individual's talents will be developed to the level of their personal potential for the benefit of community and humanity.

Crescent College Comprehensive S.J. is a Catholic school under the trusteeship of the Jesuit Provincial and the Minister of Education and Science. The college acknowledges that the family is the primary educator and, through its commitment to the values of the school, shares the responsibility for the student's education. The school is grant aided by the Department of Education and Science.

Crescent College Comprehensive S.J. has dedicated teachers who are committed to high academic standards. The college provides a rich and diverse curriculum catering for the needs of each individual student. It strives for excellence also in the areas of social concern and spiritual values, sport and culture, wherein students are encouraged and challenged to realise their full potential as human beings in the Ignatian tradition.

The school's management structure consists of the Board of Management whose policies are implemented by the principal of the day. The principal is assisted by a deputy head, assistant principals and staff, academic and non-academic. The school has a pastoral care structure of Form Tutors and Year Heads. A comprehensive Guidance and Counselling structure is also in place.

The school is aided by the Parents' Association through its associated committees: Parents' Council, Parents' Social and Cultural Committee and Parent's Finance Committee. All parents of Crescent students are automatically members of the Parents' Association.

Curricular leadership is facilitated by a structure of co-ordinated departments. Student leadership is undertaken by elected school captains, senior prefects and the Student Council.

### 3. Progress made on previously-identified targets improvement targets -

Crescent College Comprehensive, SJ had a Whole School Evaluation in 2008. Since then, we have had a Subject Inspection in SPHE and an Incidental Inspection in November 2012. During the course of these inspections a number of areas for development were identified and are listed below.

- 1. The Board should lead the implementation of the recommendations in the inspection reports, incorporating them into the Strategic Plan 2008-2018.
- 2. The role of the principal should be clarified for all the education partners. Reference should be made to the 1998 Education Act.
- 3. In accordance with senior management's expressed views and in line with the school's strategic plan a whole-staff review of schedule of posts is recommended to meet the current and emerging needs of the school.
- 4. Complete returns be made in accordance with NEWB.
- 5. The deployment of teaching hours should be reviewed to ensure that the resources are being used in the most effective manner. Permanent whole-time teachers should have class contact hours in line with Department circular letters.
- 6. The school should proceed with the development of a whole-school guidance plan and critical incident policy.
- 7. It is recommended, in line with recommendations in subject inspections that the school utilise a 'student driven' model where the option blocks are based on students' preferences.
- 8. In line with the school's Jesuit ethos and best practice in inclusion of all students it is recommended that the school proactively enrol the SCP students in the after-school homework club.

In response, the following actions have been undertaken:

- 1. A whole staff review of the schedule of posts was completed in May 2013.
- 2. The Whole School Guidance Plan and Critical Incident Policies have undergone detailed review. This review process will conclude in September 2013.
- 3. The Board proposes to recruit an educational support worker to enhance the work currently being done with the SCP target group of students. This will include a re-launch of Homework Club and the introduction of an appropriate scheme of book rental.
- 4. Issues relating to NEWB returns and the deployment of teaching hours have all been resolved.
- 5. A subject driven model was introduced for 5<sup>th</sup> Year options in 2012. This model is currently under review.
- Sub-Committees for the implementation of the Strategic Action Plan met during 2012 continue to meet in 2013. A number of committees have already made interim reports. Further reports are due in the Autumn of 2013.
