

Junior Certificate Science

The proposal for third year exams are as follows.

60% to be calculated using a combination of pre results and second year summer exam results.

10% to be given to students who have completed the SSI Assessment Task. (All students will get the 10% as all have completed this task)

30% for two assignments/tests (15% each) to be completed in two 40- minute periods.

The type of assessments will be at the teacher's discretion. Class teachers will provide more detailed information on these assessments and or test
