

JUNIOR CERTIFICATE WOODWORK

Your summer assessment will consist of four parts to make up the final grade to be awarded to you at the end of the current year. Part one will be based on practical work already carried out in class on your project and will account for 50% of your grade.

Part two will consist of your portfolio which you should have already completed and will be worth 25%. I will need you to submit your portfolio to me by Wed 13th May at noon.

Part three will consist of your pre-exam results and will be worth 15% of the total grade. Part four is worth 10% and is to be made up of an assignment which will be given to you in the coming weeks. It will be an online exam that you will have to complete, and I will give you a date for this in due course. This exam will be based on the work that has been covered in the theory section.

Best of luck.
